Meet a Polar Scientist

Inspiring Assembly Talks

Meet some of the team ...

Expedition Leader Paul Hart (Lt Cdr RNR)

Led an 8-person team on the first man-haul crossing of the AP, undertaking science work, to commemorate the 100th Anniversary of Captain R.F. Scott RN reaching the South Pole.

Expedition Doctor Claire Grogan

Claire is a doctor in emergency medicine with a special interest in expedition and remote medicine, particularly in cold-weather and polar environments.

Deputy Leader and Education Doctor Antony Jinman

Plymouth born and 12th Briton to ski to both the Geographic North Pole and solo to the Geographic South Pole and is a passionate polar educator.

Scientist Kate Retallick (Lt Cdr RN)

Operations Officer on HMS PROTECTOR for operations in Antarctica 2015-17 & 2021-22.

M.Sc. in Oceanography & Meteorology and is currently undertaking a Ph.D in Glacial Retreat in Antarctica.

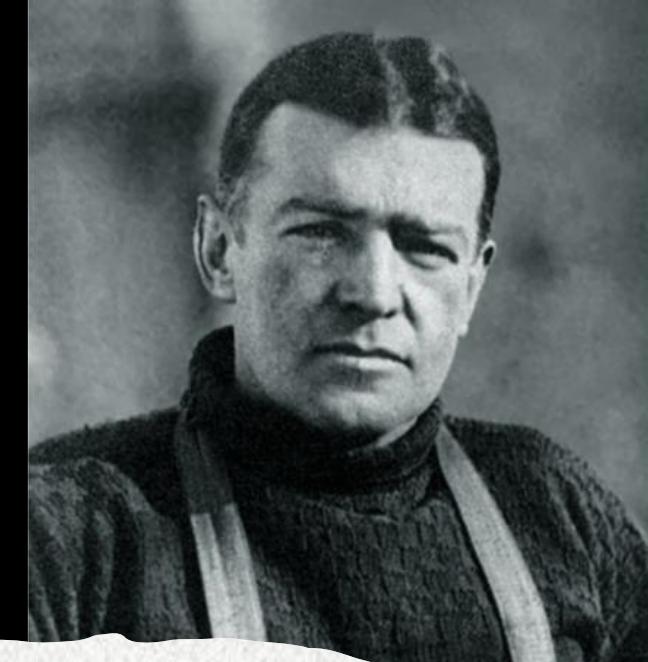

Learn about Expedition Life ...
